To Whom It May Concern,

Letter of Assessment

From 9th November 2020 to 30th November 2020, pursuant to our agreement with Atlassian Pty Ltd, elttam conducted a review of Jira Server Mobile Apps.

The engagement commenced with a kick-off meeting to confirm access and project scope and a walk through of the product. The assessment was performed by one consultant over the assessment period with the aim of reviewing Jira Service Desk Mobile Android and iOS apps to identify vulnerabilities. Testing was split between source code review of the iOS and Android applications along with dynamic testing of the applications interfacing to Jira Server REST endpoints. The engagement was wrapped up with a close-down meeting and a report was issued to Atlassian.

elttam is an independent security company providing research-driven security assessment services to the Fortune 500, global financial institutions, leading technology companies, Australian Federal Government and up and coming technology start-ups. We combine pragmatism and deep technical insight to help our customers secure their most important assets.

Sincerely,
